NEWSPAPER ARCHIVE

NEWS OF THE MORNING.

Frank Leslie was buried yesterday. The distress in Ireland is increasing. The Empress of all the Russias is dying.

Tilden's candidate is now said to be McKellian. The Queen of Spain is very ill, having fit after fit.

A bill to establish a Mining Bureau has been introduced in Congress. The Duchess of Marlborough's fund for the relief of distress in Ireland amounts to nearly £17,000.

Senator Lamar was stricken with paralysis Monday night, and is in a serious condition. Eugenie is preparing for her visit to Zurichland. She will arrive there June 1st, the anniversary of the death of the Prince.

The Presse is of the opinion that a collision between Russia and England is inevitable. The Presse says General Skobelev, the hero of Plevna, recently declared at a banquet that Russia is on the eve of another great war.

The streets of Cork are patrolled by police, and the magistrates of that city have passed resolutions urging greater activity in suppressing demonstrations partaking of the nature of bread riots, and asking for the appointment of additional police.

The total number of cases of champagne imported in the country last year is 159,261, against 126,000 cases in 1878. Dealers state that a great demand has recently sprung up in the raining districts, and recently a train of five cars loaded with champagne was sent to California. They predict an advance in prices.

Three Insurance Companies have recently been incorporated in California: The San Joaquin, at Stockton; Oakland, at Oakland, and Pacific Coast, at San Francisco, each with a capital of \$200,000. It is expected that the legislation at Sacramento will drive out some of the Eastern and foreign companies.

The Eureka Sentinel says: The extension of the Virginia and Truckee Railroad to Bodie will give new impetus to the splendid mining and agricultural interests of Esmeralda county. So too, will the construction of the road recently projected from Wadsworth to Columbus, open up a vast area of excellent mineral-bearing territory. The early completion of the Austin and Battle Mountain road means better times for Austin, and all that section of rich mining country lying to the south of it.

The bill introduced by Horace Davis concerning Chinese immigration is a copy of the bill introduced by him last Congress providing for the collection of a capita tax of \$100 on every Chinese passenger landed in the United States in excess of one passenger for each 100 tons measurement of the vessels on which they arrive. His object in reintroducing the bill is simply to stimulate the attention of the Labor Committee to the Mongolian problem.

RAILROAD REPORT. — The Nevada County Narrow Gauge Railroad, through the Secretary, Geo. Fletcher, submitted the annual report of the company to the Board of Supervisors Monday. The total earnings for the year have amounted to \$101,949 24; total operating expenses, \$57,189 89. The earnings are made up as follows: freight, \$53,189 35; transfer charges, \$3,380 65; passengers, \$42,051 24; extra baggage, \$299; express, \$2,018 01; mail service, \$1,130 99. The disbursements other than operating expenses, have been for interest on bonds, interest on floating debt, and for construction and material. The cost of construction and equipment up to date is \$582,651 22.

MARVELOUS GROWTH. — If Kansas leads in the matter of gaining population, says the Call, Colorado stands at the first rank among the Western States for her mineral productions and general improvements. New towns in the past year have sprung up in every county. The silver yield increased from \$9,000,000 to \$19,000,000. Eight hundred miles of telegraph were constructed. Some railroad building has been done. The real estate transactions alone amounted to nearly \$3,000,000, with the erection in the same city of more than 400 brick and stone buildings, at a cost of over \$2,300,000. The progress of Leadville, Colorado's principal mining town, is also wonderful. All this has been accomplished by enterprise and energy. Colorado, as a State, is only an infant of three years' growth.

Application has been made for the enrolment of the Bodie Guard as one of the companies of State troops.

ASSERTED THEIR RIGHTS.

The Rightfully Elected Maine Republicans Take Quiet Possession of the State House and Organize.

[Press Dispatch.] Augusta, Jan. 12—10 P. M.

At twenty minutes to 6 this evening the Republican members of the Senate and House of Representatives proceeded to the State House for the purpose of organizing a Legislature. The movement was entirely unknown to the Fusionists, and but few Republicans outside of the immediate members present were aware of the position of affairs. The news that the Republicans had taken possession of the State House spread rapidly and caused a great rejoicing among the Republicans, who have been impatient to have this result brought about. Mr. Lamson, the President of the Senate, when he saw the people assembling, proceeded to Gen. Chamberlain's quarters and said, "I protest against these men coming in." The General informed Lamson that he should permit the men to come in and stay as long as they pleased. There was no forcible resistance whatever. The halls were lighted, the minor officers of the previous Legislatures, familiar with the premises, taking hold and lending their assistance.

In the Senate Jeremiah Dingley, Jr. called the meeting to order and Austin Harris was called to the chair. Prayer was offered by Rev. Dr. Butler, a member of the House. Charles W. Turner, Assistant Secretary of the last Senate, called the roll, and eighteen Senators responded to the call. A quorum was announced present, all Republicans, who proceeded to qualify, the oath being administered by Hon. William M. Stratton. Andrew S. Smith was declared a Senator from Lincoln county, on the face of the returns. Joseph A. Locke was chosen President, receiving all the votes cast—19. Charles W. Tilden was chosen Secretary, and George E. Brackett of Belfast Assistant Secretary. The following order was passed:

Ordered, That a committee, consisting of three members of the Senate, be appointed by the President to report to the Senate for action whether the Senate shall call on the Justices of the Supreme Court for an opinion touching the legal organization of the Senate of the Fifty-ninth Legislature, and to report for the action of the Senate such questions as the law and facts require in the premises.

The House passed the same order. The House organized by electing George Weeks Speaker. At 1:45 A. M. both branches adjourned until Saturday next at 2 P. M.

The Fusionists met as usual yesterday and were very reticent concerning the turn affairs had taken. Gen. Chamberlain says he will not recognize either organization until the Court decrees which is the legal one.

WELLS, FARGO AS LETTER CARRIERS.

The report of Special Agent Starrett to the Postoffice Department, concerning Wells, Fargo & Co.'s delivery of letters on the Pacific Coast, sets forth the magnitude of their business in this respect by stating that they purchase, on an average, 200,000 stamped envelopes per month in San Francisco, and doubtless a proportionate number in Salt Lake, Portland and other places. The grounds upon which the Department is asked to interfere with this business are: First—That Wells, Fargo & Co. do not charge double rates of postage, and consequently the three-cent stamped envelopes which they sell for five cents contain often more mail matter than would pass through a Postoffice for three cents; second, that the company's correspondence between the various banking houses is carried free, and that besides this the Western Union Telegraph Company and the Central Pacific Railroad have an arrangement with the Express Company by which their letters are transported without cost, thus depriving the Government of the postage it should receive; third, it is alleged that about one-fifth of the express company's five hundred agents on the Pacific slope are Postmasters, and that they are amenable to the law for selling stamped envelopes at higher rates than the Government charges. The committee of prominent Postoffice Department officials, who have been appointed to examine this subject will thoroughly examine it, but it does not seem to be generally expected that they will discover any statute authorizing material interference with the existing business, and in view of the formidable litigious resources of the company, and the opposition already indicated on the part of California representatives against the suggested curtailment of the business facilities of the company's constituents, it is probable that the Committee will move in the matter very cautiously.

The product of the Northern Belle and Standard Consolidated for December, as reported to the Bulletin by the Secretary, William Willis, was as follows:

Northern Belle.....\$109,141
Standard Consolidated.....132,888
Total.....\$242,029

NORTHERN COMMUNICATION.

What Reno's Friends Desire—Good Roads Make Good Business.

[Sasnoville Advocate 10th.]

Our article in the Advocate of December 6th, 1879, has been widely copied by our exchanges, which shows that as a general rule, the papers of this Coast will gladly aid in forwarding any good work, no matter from what source it may come. We are creditably informed that as soon as the weather permits, work will be commenced and pushed vigorously forward to a speedy completion.

It is an established fact that the natural thoroughfare connecting California with Oregon, is by the C. P. R. R. from Sacramento to Reno. From this latter point there is then no impediment or obstruction along the eastern slope of the Sierra Nevada across the northeastern corner of California and thence northerly the entire length of Oregon into Washington Territory. This is a fact, and shows plainly the proper location of a wagon

ROAD OR A RAILWAY.

Upon those who reside in this widely extended region and who are aware that this is true, devolves the duty, in our humble opinion, of impressing this fact upon those who may not already realize it.

Along this stretch of country many thousands of people are now living who are to a great extent, widely isolated from the outside world, and a new wagon road would benefit them greatly. Reno is a good place for a terminus, is peopled by men of energy, and business men of intelligence and liberality, who are always ready to aid in any public movement which will prove of general interest. Our own citizens in this county seem to be the most indifferent, and yet they will reap a large share of the benefits. Big Valley is mostly in this county, is growing rapidly, and its citizens pay a large proportion of our county expenses, yet they have no good road to the county seat, and but very indifferent mail communication. This is unjust, and should be remedied as soon as possible.

With a good ROAD FROM RENO Thro' Long Valley, Honey Lake Valley, Willow Creek Horse Lake, Madeline Plains, and so on North, a large amount of through travel will be diverted, which now goes over Hatchet mountain to Reading. Our exchanges tell of several teams loaded with large quantities of freight for Bieber, Adin, Alturas, Lakeview and other places which are now blockaded, while if brought this way, there is scarcely a day through the Winter in which teams could not travel.

Some residents of Sasnoville are opposed to the construction of the road, because it turns off near Janesville and goes through the new town of Belfast, and does not pass through this place. This opposition is erroneous; it would be very expensive and almost impossible to construct a good road over Antelope mountain, and it will not be done. We get none of this

NORTHERN TRADE Now, or but very little of it. When this road is built, it will bring a large amount of travel through this county for a distance of over one hundred miles; this will be the means of leaving considerable money among our farmers, all of whom being thus benefitted, will be more liberal in their purchases. If we sit supinely, and make no effort to secure this through route and extensive travel it will soon seek an outlet by Winnemucca or elsewhere, and we will find ourselves out in the cold.

Look at this matter thoroughly, and we think you will acknowledge we are right. Thousands of horses are raised in this vicinity and even when seven or eight years old, have never been broken or harnessed. Why? Simply because there was no demand for horses. Build this road, and a market is at once open for the sale of horses at your very door. Raise more grass, cut more hay, grow timothy and alfalfa, and thousands of cattle will be brought here from the North to feed every Winter, and the county will be greatly benefited. Get a wagon road, and when the feasibility of the route is practically established,

A RAILROAD Will soon follow, and with the requisite energy on the part of her citizens Lassen county will yet take her proper position among the populous and wealthy counties of the State.

The annual report of the National Board of Health, containing an account of its operations during the past year, will probably be transmitted to Congress to-day. It is the opinion of the Board that, during the past Winter at all points where fever has prevailed during the past Summer, care be taken to obtain thorough ventilation and exposure to cold of all houses and inclosed spaces. The expenditures of the Board from the date of organization to December 31, 1879, were \$154,002.

Enlalie's sweet poem, "The Cucumber's Victim," has been received, and is respectfully but firmly declined, on the ground that we cannot encourage a muse which makes "really gorgeous" rhyme with "cholera morbus."

THE NEVADA INSANE.

A Sensible Article from the Carson Tribune.

In the Carson Tribune of Monday evening appears the following relating to the insane of this State:

A newspaper editor of note in California, who visited our State Capitol, inquired of the State Treasurer the reason for sending our indigent insane to Stockton when the capital of the State of Nevada was so splendidly located. The gentleman in question had visited the asylum at Woodbridge, and so was well posted in the matter. It is well known that during the last Legislature of Nevada and for two years the press paid considerable attention to the subject, and it was confidently expected that an appropriation would be made for the erection of a suitable building. Says an exchange:

Nevada has now 139 insane patients under the care of Langdon & Clark, at Stockton. Their bill for December amounted to over \$4,200. For the first eleven months of 1879 the insane cost the State within a few dollars of \$50,000. If we add last month's bill, we find the total expense for 1879 to be about \$55,000.

This outlay of the money of the people of Nevada seems to be AN OUTRAGE.

Supposing, as was claimed by certain State officers in 1878, that the expense of building and supporting an asylum in Nevada would be heavier than under the present system, the building would be State property and the coin of the State would be kept within her boundaries, expended here instead of going to swell the purses of Langdon & Clark of California. But we do not believe that the cost of maintaining the indigent insane would be nearly as much as now, and for the reason that the cost of transportation of insane persons would be so very much less.

From Pioche, Nevada, to Stockton, California, it is not an infrequent occurrence for the expense of travel and caring for an insane person to amount to from \$350 to \$400. True, the difference in the distance is but 200 miles or thereabout, but then the fare has to be considered. Occasionally two keepers have to be sent with an insane person, and this, together with board and other incidental expenses, make up a large total at the end of the year, a great deal of which might be saved by having an

ASYLUM OF OUR OWN.

At least sufficient to pay the interest on the money required to erect the building.

The system of farming out lunatics and others is well enough in our own State, but sending coin out of a State that might be kept in it with benefit to the whole community is radically wrong, and so say a majority of the taxpayers. Our present State officials seem to regard the matter in this light, and it is hoped that the press of the State will endeavor to keep the matter before the people and that this being election year candidates for legislative honors will be questioned on this important subject and the nominees pledged to support a bill for an appropriation to purchase ground and erect a suitable building for the indigent insane of Nevada, and unless such pledge is given that the voters will refuse to support them.

It is a well known fact that the citizens of some counties are willing to donate the necessary land for such a building; and further, it must be remembered that in the

TOWN OF RENO Is a piece of property belonging to the State that cost the people thousands of dollars; that the site is an eligible one for such a building; that the State can afford the money, and that the people desire to have their insane at home and the money for their care and maintenance kept at home.

This is but a repetition of what has appeared from time to time in the columns of the Tribune, and we verily believe that if other journals had pressed the matter at the last session of the Legislature the appropriation would have been made. We have nothing sectional in the premises, for whether at the east end of the State or the west, whether in Douglas, Ormsby or Washoe county the asylum may be located is no matter. We merely express (to our notion) the desire of the people in the premises, and leave it to the lawmakers to decide.

THE ALTAR.

HEPWORTH-HOUTON.—In Reno, Jan. 13, by Rev. W. J. Jewey, John H. Hepworth to Miss Lucy S. Houton.

THE TOMB.

HILL.—In Salem, Oregon, December 29th, 1879, Winthrop P. Hill aged 36 years. [Deceased was a nephew of F. Lemmon, of this county.]

DR. SPINNEY,
NO 11 KEARNEY STREET.

TREATS ALL

Chronic and Special Diseases.

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee a cure for every case of Venereal weakness, or any disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. In such cases the urinary deposit aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause, or who, in the second stage of venereal disease, Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital urinary organs.

OFFICE HOURS—12 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5

NOTICE TO LIEN HOLDERS OR LIEN CLAIMANTS.

R. F. HOY AND CHRIST HALLER, LATE partners trading under the name and style of Hoy & Haller, as plaintiffs, and Melissa Hoy and Catherine Brundage as defendants. All persons holding or claiming liens under the provisions of the Act of the Legislature of Nevada, approved March 2d, 1875 and entitled "An Act to secure liens to mechanics and others and to repeal all other Acts in relation thereto," on or upon that certain property being and situated in the town of Verdi, Washoe county, Nevada, and more particularly described as follows, to wit: lots numbers seven (7) and eight (8), in block four (4), in Earl's Western addition to the said town of Verdi, and the improvements thereon, are hereby notified to appear in the Justice Court of the County of Washoe, in and for Nevada, on the 21st day of January, 1880, or as soon thereafter as may be and to exhibit then and there the proof of their said liens.

ROGER JOHNSON, Attorney for Plaintiffs.
Reno, December 31st, 1879-Jw

ASSESSMENT NOTICE.

CONSOLIDATED SCHILLER MILL AND Mining Company Location of principal place of business, Reno, Nev. Location of works, Verdi, Washoe county, Nevada. Notice is hereby given, that at a meeting of the Board of Trustees, held on the 14th day of Dec., 1879, an assessment (No. 3), of 25 cents a share was levied upon the capital stock of the company payable immediately in U. S. gold coin, to treasurer, the Reno Savings Bank, Reno, N. V. Any stock upon which this assessment shall remain unpaid on the 15th day of January, 1880, shall be declared delinquent and advertised for sale at public auction, and unless payment is made before will be sold at public auction on Friday, the 13th day of February, A. D. 1880, to pay to delinquent assessment, together with costs of advertising and expenses of the sale. By order of the Board of Trustees, WILLIAM GARRAHER, Secretary. Office, Savings Bank, Reno, Nev. Reno, December 15, 1879

ASSESSMENT NOTICE.

FARMERS' CO-OPERATIVE ASSOCIATION. Principal place of business, Reno, Nev. Notice is hereby given that at a meeting of the Board of Trustees, of the Farmers' Co-operative Association, held on the 20th day of December, 1879, an assessment (No. 2) of ten dollars per share was levied and assessed for stock of the Farmers' Co-operative Association, payable immediately in U. S. gold coin to the Secretary at the office of the Company, in Reno. Any stock upon which this assessment shall remain unpaid January, 9th, 1880, will be delinquent and advertised for sale at public auction, and unless payment is made before will be sold Friday, February 20th, 1880, to pay the delinquent assessment together with costs of advertising and expenses of sale. By order of the Board of Trustees, A. J. HATUEB, Secretary. Reno, December 22, 1879.

NOTICE TO CREDITORS.

THE CALIFORNIA POWDER WORKS

230 California Street, SAN FRANCISCO

Manufacturers, and have constantly on hand

PORTING, MINING, AND BLASTING POWDER

Of superior quality, fresh from the mills. It ing constantly received and transported into the interior, is delivered to the consumer within a few days of the time of its manufacture, and is in every way superior to any other Powder Market

We have been awarded successively

THREE GOLD MEDALS

By the MECHANICS' INSTITUTE and the STATE AGRICULTURAL SOCIETY for the superiority of our products over all others.

We also call attention to our

HERCULES POWDER,

Which combines a full force of heat and explosive power in use, and the lifting force of the Best Blasting Powder, thus making it vastly superior to any other compound now in use.

A circular containing a full description of this Powder can be obtained on application to our Office, or of any of our Agents.

NEW YORK WEEKLY HERALD.

ONE DOLLAR A YEAR.

The circulation of this popular newspaper, has more than trebled during the past year. It contains all the leading news contained in the Daily Herald, and is arranged in handy departments. The

Foreign News

embraces special dispatches from all quarters of the globe. Under the head of

American News

are given the Telegraphic Dispatches of the week from all parts of the Union. This feature alone makes

The Weekly Herald

the most valuable chronicle in the world, as it is the aspect. Every week is given a faithful report of

Political News

embracing complete and comprehensive despatches from Washington, including full reports of the speeches of eminent politicians on the questions of the hour.

The Farm Department

of the Weekly Herald gives the latest as well as the most practical suggestions and discoveries relating to the duties of the farmer, hints for raising cattle, poultry, grains, trees, vegetables, etc., with suggestions for keeping buildings and farming utensils in repair. This is supplemented by a well-edited department, wisely copied, under the head of

The Home,

giving recipes for practical dishes, hints for making clothing and for keeping up with the latest fashions at the lowest price. Every item of cooking or economy suggested in this department is practical, and by experts before publication. Letters from our Paris and London correspondents on the very latest fashions. The Home Department of the Weekly Herald will save the housewife more than one hundred times the price of the paper. The interests of

Skilled Labor

are looked after, and everything relating to mechanics and labor saving, carefully recorded. There is a page devoted to all the latest phases of the business market, crops, merchandise, etc. A valuable feature is found in the specially reported prices and conditions of

The Produce Market.

Sporting news at home and abroad, together with a story every week, a sermon by some eminent divine, history, musical, dramatic, personal and a notes. There is no paper in the world which contains so much news in every week as the Weekly Herald, which is sent, postage free, for one dollar. You can subscribe at any time.
